

Dynello Rewinder

Art. no.: RS0101 / EAN: 5700002038906

Professional power tool for quick and easy winding of ratchet straps in less than 10 seconds!

Dynello Rewinder is the most durable power tool for winding of ratchet straps in the world (!) and is characterized by winding a strap in less than 10 seconds! Time is money and Dynello Rewinder saves you a lot of time with strap winding!

The power tool is hand-held and mobile so you can use it wherever the ratchet straps are - avoid dragging them through mud and dirt. The power tool is moreover constructed in a strong polymer for housing that makes it robust and wear resistant.

You can use several widths of straps by using the simple adjustable lock mounted at the guide-pins (0-50mm strap widths).

The battery has a capacity of up to 300 strap windings per charge. You can charge the battery in 230V AC and also in 12-24V DC. In that way the power tool is easily charged in the truck! Both chargers are included as standard in the package.

The Dynello Rewinder is CE certified according to EU legislation.

Specifikationer	
Winding time per strap:	8 sec.
Battery:	Li-Ion
Voltage:	12V
Capacity:	1,3Ah
Speed (no load)	300 RPM
Winding capacity per charge:	~300 straps
Weight (power tool)	0,75 kg
Weight (package in total)	1,3 kg
