

Dynello Accu Winder

RS0301

Efficient and proven strapwinder-tool for your screwdriver.

Dynello Accu Winder is the ultimate accessory for the screwdriver for winding of ratchet straps.

With this tool you can use any screwdriver to wind your straps. Dynello Accu Winder has an Ø10 bit that fits in most screwdrivers. Adjust the torque of the screwdriver and control the speed of winding – a winding can take place in less than 7 seconds!

Dynello Accu Winder is made of stainless materials and is designed for hard and long-term use. The tool's low weight, at 350 grams, makes it easy to use in a longer period of time. Perfect for rewinding ratchet straps and webbing slings where a good order is desired.

(screwdriver not included)

Package contains:

1 x Dynello Accu Winder
1 x Dynello 1Clip
